

HLB SERIES-FT 2-0469

EAN 8422202204697

Reinforced nylon castors, especially indicated to support high-loads up to 1.250 Kg.

It is used in: logistics transport tools, outdoor area, internal logistics, mobile platforms, elevating platforms, transport cars, logistics for military missions material, heavy machinery in the construction sector, mobile cranes and sport centres.

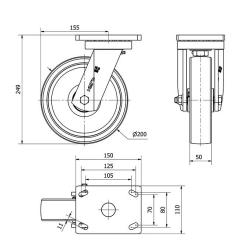

Mainly used in the aeronautic sector, railway and automobilie factories. Clean rooms.

FT: especially indicated for food and chemical industry applications. Does not leave marks on floor. Reinforced. Canning factories.

Technical Data

Housing Type	Swivel
Fitting Type	Plate
Braking System	Without Brake
Material	Nylon(Polyamide 6)
Bearing	Plain
Diameter (mm)	200
Width of tyre (mm)	50
Plate dimensions (mm)	150x110
Distance between holes (mm)	105x80
Plate hole diameter (mm)	10
Offset (mm)	155
Overall height (mm)	249
Load	1000
Unit Weight of the wheel (kg)	4.58
Volume (cm ³)	6300
