

ZVI SERIES-PGZ 2-4575

EAN 8422202245751

Grey injected rubber castors with stainless steel (AISI 304) components. Especially indicated to support high-loads up to 180 Kg.

It is used in: outdoor areas, food trolleys, canteens, dining rooms, restaurants, food industry, logistics for military missions material, packaging machines, conveyor belts, stainless steel constructions, light machinery for the construction, containers, roll containers and transport cages.

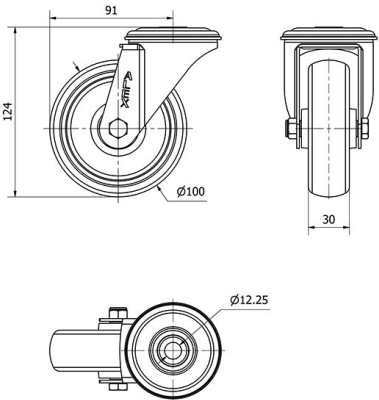

Suitable for mechanical engineering projects by draftsmen and project executors.

PGZ: does not leave marks on floor. Easy to move with load.

Technical Data

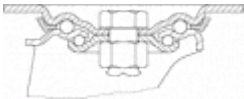

Housing Type	Swivel
Fitting Type	Bolt hole
Braking System	Without Brake
Material	Rubber
Bearing	Stainless Steel Roller Bearing
Diameter (mm)	100
Width of tyre (mm)	30
Plate hole diameter (mm)	12
Offset (mm)	91
Overall height (mm)	124
Load	100
Unit Weight of the wheel (kg)	0.558
