

## ZVI SERIES-POL 2-3473

EAN 8422202234731

Injected polyurethane castors with stainless steel (AISI 304) components. Especially indicated to support high-loads up to 300 Kg.

It is used in: outdoor areas, food trolleys, canteens, dining rooms, restaurants, food industry, logistics for military missions material, packaging machines, conveyor belts, stainless steel constructions, light machinery for the construction, containers, roll containers, transport cages, poultry farms, chemical industry, food chains, fridges, freezer cabinets and freezers.

Suitable for mechanical engineering projects by draftsmen and project executors.

POL: long useful life. High resistance to oils and grease. Noiseless, clean and undeformable.

### Technical Data

Housing Type	<b>Swivel</b>
Fitting Type	<b>Plate</b>
Braking System	<b>Wheel Brake And Fork</b>
Material	<b>Polyurethane</b>
Hardness of tread	<b>95° SHORE A</b>
Bearing	<b>Stainless Steel Roller Bearing</b>
Diameter (mm)	<b>150</b>
Width of tyre (mm)	<b>42</b>
Plate dimensions (mm)	<b>140x110</b>
Distance between holes (mm)	<b>105x80</b>
Plate hole diameter (mm)	<b>10</b>
Offset (mm)	<b>128</b>
Overall height (mm)	<b>196</b>
Load	<b>250</b>
Unit Weight of the wheel (kg)	<b>2.14</b>
Volume (cm <sup>3</sup> )	<b>5218</b>
