

ZVI SERIES-UT 2-4944

EAN 8422202249445

White polypropylene castors with stainless steel (AISI 304) components. Especially indicated to support high-loads up to 400 Kg.

It is used in: outdoor areas, food trolleys, canteens, dining rooms, restaurants, food industry, logistics for military missions material, packaging machines, conveyor belts, stainless steel constructions, light machinery for the construction, containers, roll containers, transport cages, poultry farms, chemical industry, bakery machines, food chains, fridges, freezer cabinets and freezers.

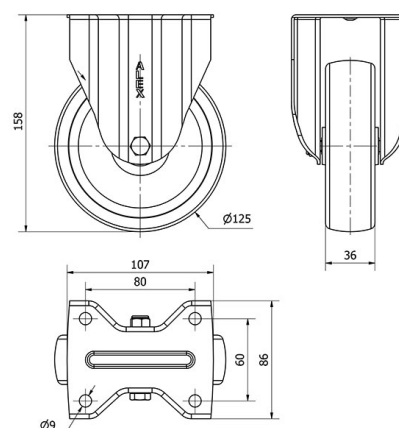

Suitable for mechanical engineering projects by draftsmen and project executors.

UT: undeformable and resistant. Easy to start and move.

Technical Data

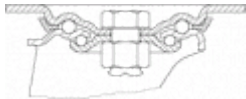

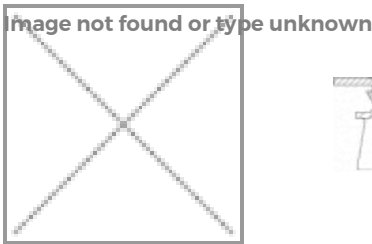

Housing Type	Fixed
Fitting Type	Plate
Braking System	Without Brake
Material	Polypropylene
Bearing	Plain
Diameter (mm)	125
Width of tyre (mm)	36
Plate dimensions (mm)	107x86
Distance between holes (mm)	80x60
Plate hole diameter (mm)	8
Overall height (mm)	158
Load	220
