

ZVI SERIES-UT 2-4147

EAN 8422202241470

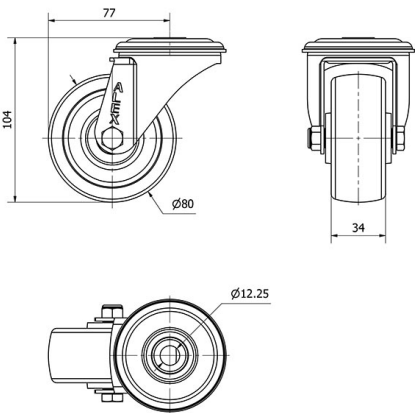

White polyamide castors with stainless steel (AISI 304) components. Especially indicated to support high-loads up to 400 Kg. It is used in: outdoor areas, food trolleys, canteens, dining rooms, restaurants, food industry, logistics for military missions material, packaging machines, conveyor belts, stainless steel constructions, light machinery in the construction sector, containers, roll containers, transport cages, poultry farms, chemical industry, bakery machines, food chains, fridges, freezer cabinets and freezers. Suitable for mechanical engineering projects by craftsmen and project executors. UT: undeformable and resistant. Easy to start and move.

Technical Data

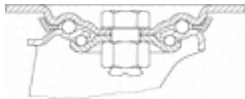

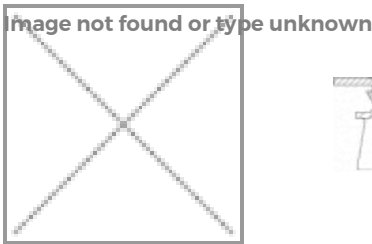

Housing Type	Swivel
Fitting Type	Bolt hole
Braking System	Without Brake
Material	Polypropylene
Bearing	Roller
Diameter (mm)	80
Width of tyre (mm)	34
Plate hole diameter (mm)	12
Offset (mm)	77
Overall height (mm)	104
Load	130
