

ZV SERIES-PGM 2-4100

EAN 8422202241005

Elastic blue rubber castors. Especially indicated to support high-loads up to 400 Kg.

It is used in: logistics transport tools, repair shops, tool trolleys, tubular carts, internal logistics, pneumatic factories, internal logistics, transport tools, food trolleys, kitchens, canteens, dining rooms, supermarkets, containers, roll containers, transport cages, sound boxes and mobile platforms.

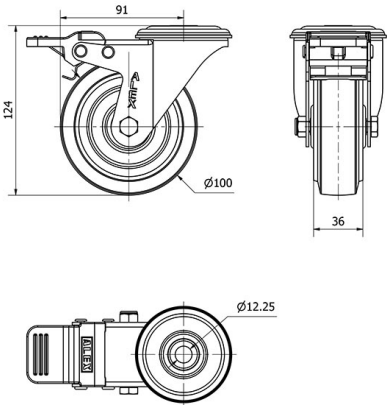

Suitable for mechanical engineering projects by draftsmen and project executors.

PGM: does not leave marks on floor. High absorption to impacts and vibrations. Smooth and noiseless castors. Elastic.

Technical Data

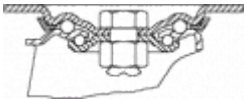

|                          |                      |
|--------------------------|----------------------|
| Housing Type             | Swivel               |
| Fitting Type             | Bolt hole            |
| Braking System           | Wheel Brake And Fork |
| Material                 | Rubber               |
| Bearing                  | Roller               |
| Diameter (mm)            | 100                  |
| Width of tyre (mm)       | 36                   |
| Plate hole diameter (mm) | 12                   |
| Offset (mm)              | 91                   |
| Overall height (mm)      | 124                  |
| Load                     | 130                  |
